

Summer Science Day Camp 2017

New location 749 Felix Ave, Windsor

Amaze yourself while you explore science principles and applications with hands-on exhibits!

Our operations in 2017 are limited during the renovation stage, but are running a 4-week version of our popular day camp this summer: it is offered everyday from August 1 to 25, 2017, 9 AM to 5 PM. The cost is a modest \$30/day or \$120 for an entire week. Enjoy hands on science with different themes every week. Watch our website www.cssciencecity.com and email info@cssciencecity.com or call 519-980-2431 to register or for more details. Also, don't miss the **Power of Ideas** exhibit from the Perimeter Institute from July 30 to August 10.
