

Canada South Science City Educational Programming 2006

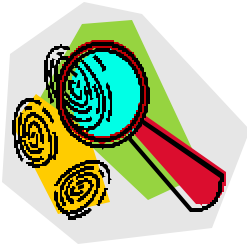

Half Day JK/SK Programme

*Explore every square inch of Canada South Science City with our wonderful, energetic group leader. Students at the JK/SK level will meet the animals in our Big Lagoon including Corny Corn the Snake, Al the Albino Catfish, Jeremiah the Bullfrog, our two Tarantulas, Golden Gecko and our merry band of Painted Turtles. Dig for fossils in our Big Dig and take your very own fossil home. BUBBLE UP in our human bubble where students get to see the world through a bubble. Use the Snake Rattle & Roll interactive display to explore movement. Meet your shadow in Shadowland and figure out why it has 3 colors. Explore Bio-diversity 911 and see why diversity is so important. **Programme Time: 3 Full hours. Cost \$6.00 per student. Students take home a fossil, a Bio-Diversity 911 picture and one free admission. A one time volunteer fee of \$10.00 allows all teachers and parents to attend**

Half Day Programme from Grade 1-8

*Welcome and Introduction to Canada South Science City and its staff *Explore the Big Lagoon, Meet the animals and research their lifecycles, habitats, communities and present your animal to your class *The BIG DIG. Dig for fossils, and test your ability to find, piece together and recreate our dinosaur mascot. *Learn about the anatomy of a bubble and test your skills in making the biggest bubble ever! Measure and chart your success and then build your own square bubble. *Visit the Exploratorium and Shadow Land. *Take the recycling challenge! Bring your garbageless lunch, eat while you learn about recycling and then see how your school measures up in the recycling challenge. **Programme Time: 3 Full Hours Cost:\$6.00 per student. Students take home a fossil, the recycling challenge, one free admission per child. A one time volunteer fee of \$10.00 allows all teachers and accompanying adults in with programme. (Students are expected to bring a garbageless lunch for recycling activity.)**
